

Radio & Television Museum Library

Magazine and Journal Holdings

Update of February 2007

For more specific information on holdings or to inquire about donations, contact:

RHS Librarian:

Brian Belanger
5730 Avery Park Drive
Rockville, MD 20855-1738
(301) 258-0708
radiobelanger@comcast.net

Researches may visit the RHS museum to use the library and may make copies of items for a modest fee. On a time available basis, the librarian may be able to copy items for people who cannot visit the museum in person. Most of the journals are stored at a remote location several miles from the museum. For that reason, anyone planning to visit the museum to use journals should make an appointment at least a week ahead of time.

In addition to the listings below, the RHS library has Rider Radio Manuals Volumes 1-23, Most Sams Photofacts, and manufacturer service manuals from companies such as DuMont, Hallicrafters, Philco, Zenith, and others. We have catalogs from companies such as Allied Radio, Radio Shack, Lafayette Radio, Heathkit, and others.

Donations of radio and television related magazines and journals are always welcomed. Even though we may have certain issues listed, the condition may be poor, such that we would like to replace them with better copies. So, please inquire with the librarian if you have magazines to donate even if the issues you have are shown as being in the collection.

Journal List – Alphabetical:

10 – 4 Magazine

Publisher – 10 – 4 Corp.
Jan. and Feb. 1962 issues only

73 Magazine

October 1960 through May 1961
